## Frequently Asked Questions

### **INFECTION CONTROL**

#### **Can I leave campus and come back?**

The mayor of Winston Salem issued a “shelter in place” order effective Friday, March 27 at 5pm. When this becomes effective, we are going to ask *all* residents to “self-isolate”.

#### **What does it mean to “self-isolate”?**

Self-isolate, in its simplest form is, “don’t spread the infection to others”. You do this by not coming to communal areas of campus (such as the dining area), not being within 6 feet of anyone, and not touching areas outside of your home. We do encourage you to come out of your home and walk outside while remaining physically separated from everyone else. Self-isolation is different from quarantine. We do not want you to feel like a prisoner in your home, but to take extra precautions from infecting others.

#### **Why is self-isolation important?**

The best way to stay healthy is to not come into contact with anyone who may have been exposed to the virus. We are asking people to “self-isolate” to prevent infecting others. The best way to eliminate your risk of exposure at this time is to stay in your home and limit contact with others. This will help protect you and your fellow neighbors.

#### **Can we still meet in small groups for activities, dining and socialization?**

Yes, but it is important to remain six feet away from each other.

#### **Can I go to the pool, fitness center, or hair salon?**

The Governor issued an executive order effective at 5pm on Wednesday March 25<sup>th</sup> that all pools, fitness centers and salons are to be closed.

### **How does the Shelter in Place order effect meal pickup?**

The Dorcas Dining Room Servery Line will be closed starting on Friday March 27<sup>th</sup>. Apartment residents will have their meals delivered to their home between 11:00AM & 1:00PM. Anyone not on self-isolation before March 27<sup>th</sup> that lives in the Cottage or the Woodlands can still drive through the Dorcas Dining Room parking lot. Please call to order breakfast and it will be delivered to your home. Salemtowne is not charging for meal delivery while the dining room is closed.

## **Why are we not using recyclable containers for meals?**

We are making every effort to use recyclables at this time, but due to the volume needed, we may be unable to attain inventory to support the green effort. You can now recycle all plastics (except for #6 PS – polystyrene or Styrofoam) in the recycle bins with all other recyclables in the maintenance closets or your carport. Please check the numbers on the bottom of the containers. If you are not sure what type it is put it in the regular garbage.
